To Whom It May Concern,

it is with great pleasure that I write this letter of recommendation for Katja Dance Company.

When I first met Katja and Albert it felt like we have known each other for ages. It was pure pleasure, dedication and professionalism. As a Head of Cultural hall in Postojna, Slovenia, I took over the organization of their humanitarian dance show on 27.11.2019 called *Življenje je vrednota* (Life is a value) which is dedicated to children who suffer of cancer.

Katja Dance Company is a group of great dancers but not just that, it is a group of great people. People with big hearts and a great responsibility for the society we live in.

Besides being a joy to work with, Katja Dance Company is a group of dancers who are able to present creative ideas and communicate in the best way, they are professional, motivated, responsible and extremely talented. Katja Dance Company successfully developed an emotional, powerful and beautiful event in our hall. The feedback of the visitors was unbelievable, because the show itself is nothing but phenomenal. It gives us hope.

I highly recommend co-working with Katja Dance Company and I am really proud that I was a part of this magical project. To watch them dance is to hear our hearts speak.

I wish nothing but the best in all of their future endeavors.

Sincerely,

Katja Jordan,

Head of Cultural Hall Postojna
